

Easy as one,
two, three.

The STAT-Site® MHgb uses state-of-the-art electronics designed for optimum performance and reliability. Self-prompting graphics guide you through the simple test procedure. It even includes a “Last Result” feature that allows you to recall the last hemoglobin result.

Fast. Using a single drop of blood, Stanbio's HemoPoint® H2 offers accurate results for both hemoglobin and hematocrit (calculated) tests—in less than a minute! The easy-to-read touch screen displays the current time, battery status and allows for easy operation.
